Are you getting jumpy Thomas because of the FBI CHS potential flips by LAUSD personnal ? Because you rigged the falsifications at Millikan?I ask becaue of your request below and the ethical "no-contact" rule (such as Rule 4.2 of the American Bar Association Model Rules or California's equivalent) technically applying to lawyers, prohibiting them from speaking to a represented opposing party without counsel's consent. You know Im not a lawyer but I'll consider it. I feel like this request may be to obstruct Jordan's potential flip to FBI? Do you rep Jordan? Hes no longer LAUSD.
Can you thus, knowing federal investigation may be open and even an email lie to them may be a felony, reply back to SA Yarbrough and Deputy Dir Gabriel,(and CALBAR Chief trial counsel Cardona), addressed here, and just clear yourself of involvement. **State you have no CALBAR 8.3 or other knowledge of any conceivable kind that any lawyer at Hurrell or LAUSD , or any other person, deliberately told Melody Delich at Millikan to place me in that dance classroom and/or in any other conceivable way rigged sexualized falsifications against me? And you were not involved in any conceivable way in any such falsifications and/or rigging?**
Just state it back to Yarbrough and Gabriel too, dont dodge. Also for me to leave Jordan out and contact you only , as you want, **can make clear ,as he is not LAUSD, and confirm you are now his lawyer and he did get the attached correspondence at rjordan902@yahoo.com but has decided not to respond?**
Thank you..please keep meet and confer string intact going forward and reply only within this string , with attachments intact, for Judge Gee and /or Judge Early

Additionally, I would like to mention that I plan to initially publish the 55 names of students who provided statements on www.kilroyscotus.org, provided they are unsealed. This is in support of encouraging FBI CHS (confidential human sources) to come forward, as well as for outreach, truth-seeking, and justice. I have taken into account that the unsealed names of adults are not protected, and the significant damage and harm caused by the criminal falsification at Millikan which may end up being traced back to Kamala Harris' old CAG office. If Judge Gee or Judge Early decides to unseal the record, it would be unreasonable for them to issue a nationwide order that allows the entire record to be unsealed while simultaneously preventing Lorcan Kilroy from publishing names on his website, which seeks FBI informants. Even though all individuals are adults and it has been a decade, is that permissible? Likewise for them to deny unsealing because I

Counsel it does not initially appear,(attached), Det. Jordan is willing to discuss the FRCP 60(a) correction request. I will add that in the mtn./proposed order.
Ms Tuason and Mr McNulty and Mr Hurrell , I have addressed you hear again a final time before Judge Gee/Judge Early see it, to **confirm for the court your position is its not of import, you wont FRCP 60(a) correct Jordan's name on the declaration and/or have him swear the defamatory pages of EXH F oddly not covered by his declaration as unfalsified, or are unable to do so,**(you were on the Jordan Decl. document as counsel).

Dear Mr. Hernandez and Ms. Navarrete-Reed,

I write pursuant to Local Rule 7-3 to meet and confer regarding a motion I intend to file seeking an order unsealing the **entire court record** in the above-captioned closed case (filed December 7, 2016; terminated March 29, 2019).

Relief Requested
I request that Defendants stipulate to total unsealing of the complete court record, including all sealed or restricted documents, transcripts, and exhibits .

Principal Arguments Supporting the Motion
1. More than six years have passed since final judgment. Total unsealing of records in a long-closed case is a standard request grounded in the strong public interest in access to judicial records.

2. I have fully complied with all prior sealing and protective orders. I destroyed the copy of the student/parent contact info I received during litigation. I will not publish the names of the approximately 55 students who were in the third-period dance class on October 6, 2015.

3. Continued wholesale sealing more than six years after termination prevents full public examination of the accuracy of statements made about the investigation and impairs my ability to confront the basis of the accusations that were leveled against me.

4. No countervailing interest sufficient to overcome the presumption of public access justifies continued sealing of the entire record at this late date.

Meet and Confer
I am available to discuss this by email or telephone.

If you prefer an in-person meeting, I am willing to meet at the usual Toluca Lake Starbucks. I do not believe an in-person meeting is necessary given the straightforward nature of the request, but I will attend if you desire one.

requested total unsealing. If no stipulation is reached, I will proceed with filing the motion.

Thank you for your attention to this matter.

Respectfully,
Lorcan T. Kilroy
